3. Clarifications sought by the States, if any:

The information received from the State of Himachal Pradesh, Maharashtra, Madhya Pradesh, Tamil Nadu and Tripura consists of errors in the values of claims received and titles distributed. The same is being clarified from the States and will be incorporated in the MPR of next month.

The values for extent of Forest land distributed in the State of Telangana have decreased from last month. The figures that the State of Telangana had provided earlier were in conflict with respect to extent of forest land distributed per title which they seem to have corrected this time. Hence, these new figures have been incorporated in the instant MPR.

4. Matters relating to the Act pending at the level of Government of India

	15) <u>Problems/Remarks:</u>  State Govt. has informed that though they have constituted the SDLC, DLC and SLMC under the Act but unlike the other States where the STs and other traditional forest dwellers are in minority, Arunachal Pradesh is wholly domiciled by various ethnic tribal groups whose land and forests are specifically identified with natural boundaries of hillocks, ranges, rivers and tributaries. Barring few pockets of land under wildlife sanctuaries, reserved forests, most of the land in entire State is community land. Territorial boundaries of land and forest belonging to different communities or tribes are also identified in the same line leaving no scope for any dispute over the possession of land, forest and water bodies among the tribes. Therefore, Forest Rights Act does not have much relevance in Arunachal Pradesh.	-
